

# Outlet Shoppes of Lake George

(Opening 2014)

*The Outlet Shoppes of Lake George have been designed to maximize the full potential of the Lake George market. Due to the visibility, access and parking, the existing Adirondack Outlet Mall contains a majority of the stores that outperform the overall market. The 120,000 SF expansion is designed to take advantage of these key factors with a 200,000 SF center on a 20 acres site (with an additional 25+ acres for future expansion). The Outlet Shoppes of Lake George will be larger than all the other centers in the market with a critical mass of top retailers in a race track design providing customers an unmatched shopping experience in Lake George.*
